

# STUDENT WORK OPPORTUNITIES

---

The University employs student workers for various tasks throughout the year. Employment is administered by individual departments and allows students who are enrolled on at least a half-time basis to work to meet part of their educational expenses. Students may work no more than 15 hours per week during periods of enrollment. For information regarding current employment opportunities students should contact Career Services. Positions are filled on a competitive basis - following supervisor approval on a first applied, first awarded basis.

**Federal Work-Study** provides part-time jobs for undergraduate and graduate students with financial need, allowing them to earn money to help pay education expenses. The program encourages community service work and work related to the student's course of study. The amount that a student may earn from a Federal Work Study job is limited to the award made for the academic year.

**Institutional Student Employment** is a University program that makes jobs available on campus for students. International students may work if positions and funding are available. This student employment is not part of a student's financial aid award.
